SOLUZIONI FOODSERVICE

The Robot Coupe R 210 XL Ultra is a compact and highly versatile multifunctional robot, ideal for meeting the needs of professional kitchens, even small ones. Thanks to its 2.9-liter capacity, it is perfect for managing both small and large quantities of ingredients, offering quick and precise solutions for a wide range of preparations.

Technical Features:

- Capacity: 2.9 litres
- Cutter function: Allows you to chop, emulsify, knead, crush and prepare sauces, guaranteeing professional results in just a few seconds.
- Vegetable Cutter Function: Allows you to create slices, wavy cuts, strips or julienne cuts, ideal for salads, sandwiches and other everyday preparations.

Available Accessories:

- Bowl Bottom Knife: Perfect for working with both small and large quantities of ingredients.
- Serrated Knife (Optional): Suitable for kneading and crushing.
- Fine Serrated Knife (Optional): Ideal for chopping herbs and spices with precision.

Ergonomic and Functional Design:

- Lid with 2 Hoppers: A large hopper (87 cm³) for bulky vegetables such as cabbage, onions or tomatoes, and a cylindrical hopper (Ø 58 mm) for the uniform cutting of long and delicate products such as courgettes and cucumbers.
- Compact Tabletop Model: With a small footprint, it is easy to place even in the smallest kitchens, while still offering a wide range of cutter cuts and preparations.

Safety and Ease of Use:

- Patented Safety System: The appliance restarts automatically with the presser, saving time and ensuring maximum convenience during use.
- Easy to Clean: All components are removable and easy to wash, ensuring maximum hygiene.

Powerful and Reliable Engine:

- Industrial Induction Motor: Ideal for intensive use, it offers greater reliability and durability over time.
- Quiet Operation: The motor is mounted on bearings, eliminating vibration and noise during operation.
- Direct Drive Motor with Accessory: Ensures optimal power and simplified transmission with no maintenance required.
- Stainless Steel Crankshaft: Made of stainless steel to ensure greater strength and durability.

The Robot Coupe R 210 XL Ultra is the ideal choice for catering professionals who need a robust, reliable tool capable of guaranteeing maximum precision in preparations, whether it is cutting vegetables or making sauces and dough.
