SOLUZIONI FOODSERVICE

CHARACTERISTICS:

- Dimensions mm. 600x600 H720
- Basket mm. 500x500
- Useful loading height mm. 307
- Three-phase power supply 380V power kw 7.3.
- Equipment: 1 open basket, 1 5-row basket, 1 cutlery basket.
- Double-walled AISI 304 stainless steel construction with insulation for effective energy saving and silence (50db).
- Tub, basket guides and inner door moulded with rounded corners.
- Balanced door, insulated with gasket to limit steam escape.
- Stainless steel impellers / Triple stage filtration system with integrated drain pump easily inspected by the user.
- Intuitive electronic interface with soft touch controls.

The professional dishwashers of the Easyline series are always equipped with a double-walled structure, with a drain pump and peristaltic dispensers for detergent and rinse aid already installed on the machine.

A practical and intuitive electronic front panel ensures ease of use from the very first moment and reduces staff training times.
