

SHORT ADJUSTABLE SINK SPOUT (depth 60)

SOLUZIONI FOODSERVICE

The Short Adjustable Basin Spout is an essential accessory for professional sinks, designed for practicality and durability. With a height of 21 cm and a depth of 24 cm, this spout is made of chrome-plated brass, a material that ensures long-lasting durability and resistance to corrosion.

Main features:

- High quality chrome plated brass body, which gives sturdiness and an elegant look.
- Adjustable spout with a diameter of 2 cm, allowing for versatile and comfortable use.
- Jet filter included, for optimal, splash-free water flow.
- G1/2" hose connection, compatible with a wide range of systems.
- Suitable for sinks with a depth of 60 cm, ideal for ensuring maximum efficiency in professional environments.

This spout combines compact design and functionality, perfect for sinks in professional kitchens or bathrooms.
