STAINLESS STEEL WATER COLUMN ADJUSTABLE H700 MM. FOR KITCHEN FIREPLACE

Adjustable Column with Single Hole Tap in Chromed Brass

SOLUZIONI FOODSERVICE

Designed for convenience and style, this swivel column is crafted from high-quality, durable chrome-plated brass. Its overall height is 700mm, with a tap spout length of 250mm and a spout height of 605mm, providing ample reach for a variety of applications.

The single-hole tap, compatible with fixing holes with a minimum diameter of 30 mm and a maximum of 32 mm, can be oriented together with the column, making it ideal for installations that require versatility.

High performance is guaranteed by a maximum cold water flow rate of 22 L/min at a pressure of 3 Bar, with a maximum working pressure of 5 Bar. The tap's flexible hose connection is of the G1/2" type, offering compatibility with a wide range of systems.

With a net weight of 3.1 kg, this column represents a robust and functional choice for those looking for a high-performance, orientable tap suitable for multiple needs.
