Rechargeable LED table lamp, anthracite aluminum - ECLAIRE

LUZIONIFOODSERV

Portable LED Lamp - Minimalist and Essential Design Add a touch of elegance and functionality to your space with this portable LED lamp with a minimal and essential design.

Perfect for modern environments, this lamp is made with high quality materials:

- Painted aluminum body, for a refined and resistant finish.
- Polycarbonate diffuser, which guarantees uniform distribution of warm light.

Main features

- Two light steps: choose between two levels of light intensity to create the perfect atmosphere.
- LED light source: Equipped with 20 warm light LEDs, for cozy and low-consumption lighting.
- Excellent battery life: up to 6 hours of use at maximum light intensity and up to 12 hours at minimum.
- Quick charge: Fully charged in about 3 hours via USB cable and power adapter (both included).

The lamp is ideal for illuminating your evenings, both indoors and outdoors, thanks to its portability and timeless design.
