SOLUZIONI FOODSERVICE

Optimize your glass washing with the Dishwasher Glass Basket, designed to ensure maximum protection and effective cleaning.

- 4-row design with sloped bottom - Promotes water drainage and faster drying, reducing the risk of residue.
- Rubberized wire structure - Protects glasses from scratches and bumps, ideal for professional use in restaurants, bars and hotels.
- Dimensions 50x50 cm, height 17 cm - Perfect for industrial dishwashers and compatible with most models.
- Maximum practicality - Easy to handle and wear-resistant, it guarantees long-lasting durability.
- max diameter of glasses 11 cm

Perfect for the Horeca sector! Ensures efficient and safe washing for your glasses.
