vedi prodotto online

CODICE: 0710069059948

MARCA: HENDI

The HENDI Ham Holder is the ideal tool for precisely slicing Spanish hams such as Jamon Serrano or Iberico.

With a sturdy stainless steel structure, it ensures stability and safety when cutting, making it easy to prepare thin and uniform slices.

Professional and adjustable design

- The tilting support element allows you to adapt the angle for more comfortable cutting.
- The rotating fixing ring (ø80 mm) allows you to reposition the ham effortlessly.
- Secure locking system with fixing screw to keep the ham stable.

High quality materials

- Satin stainless steel, durable and easy to clean.
- Solid base (570x215x35 mm) for perfect stability.

Easy to assemble

- Intended for self-assembly, with hex key included.
- Distance between mounting screws: approx. 480mm.

Perfect for professionals and enthusiasts, the HENDI Ham Holder offers maximum convenience and precision for an impeccable cutting experience.
