Thanks to its composition, it allows the Maillard reaction, which gives foods a crispy browning on the surface while keeping them tender and juicy on the inside. It is ideal for browning, grilling and sautéing ingredients with very little fat, making it perfect for preparations such as stir-fry and sautéed vegetables.

- Coated with beeswax for natural protection from oxidation and to facilitate seasoning.
- Natural non-stick properties that improve with progressive use.
- Ergonomic French-style curved steel handle, riveted for a secure, comfortable grip.
