SOLUZIONI FOODSERVICE

Organize your plates better with this divider insert in plasticized and rubberized iron wire, ideal for any dishwasher basket.

Compatible with all models, it adapts perfectly to the internal structure ensuring stability and order during washing.

- Strong and durable materials – made of plastic and rubber coated metal wire, it is designed to withstand daily use and high temperatures.
- Versatile and practical – with its dimensions of 29.5 x 9.5 x H 8.2 cm it offers a functional solution for separating and protecting saucers during the wash cycle.
- Made in Italy – produced with care and attention to detail, perfect for both home and professional use.

Keep your dishes perfectly in place, reducing the risk of bumps and breakages in the dishwasher!
