SOLUZIONI FOODSERVICE

Sturdy, functional and designed to last: the SENO&SENO universal basket is the ideal choice for optimising organisation inside the dishwasher, both in professional and domestic settings.

- Rubberized iron wire structure: resistant and protective, prevents scratches and wear of plates and dishes.
- Dimensions 50x50x10 cm: compatible with most professional dishwashers.
- Reinforced bottom corners with protective bumpers: improve the life of the basket and facilitate sliding inside the dishwasher, while protecting the machine from accidental impacts.
- Universal design: suitable for various dishwasher configurations and types.
- Made in Italy: synonymous with quality, attention to detail and reliable materials.

Perfect for ensuring order, protection and smoothness in every wash.
