SOLUZIONI FOODSERVICE

Elegant and resistant, this black methacrylate tray is the ideal solution for displaying and presenting food products in pastry shops, delicatessens and butchers. The glossy black color enhances the beauty of the food, making it even more inviting to the eyes of customers.

- Professional Use

Suitable for food contact, perfect for serving sweets, cured meats, cheeses and other specialties. A refined choice for display cases and buffets.

- High Quality Material

Made of shock-absorbent acrylic methacrylate, it is more resistant and durable than traditional plastic materials. It maintains its brightness and color over time, even with intensive use.

- Technical Features

- Resistant to temperatures from -10°C to +60°C
- Dishwasher safe for quick and hygienic cleaning
- Made in Italy: synonymous with quality and design

Dimensions: 60 x 15 x 1.5 cm (height)
