SOLUZIONI FOODSERVICE

Discover the efficiency of the Victorinox Core Remover, your ally in the kitchen for fast and mess-free food preparation. Made of durable stainless steel and with an ergonomic polypropylene handle, it provides a secure grip for easily removing cores from fruit and vegetables. Thanks to its retractable blade, it offers you the possibility of emptying the food, creating perfect small glasses to fill and cook as you wish. Resistant, dishwasher safe and made in Germany, it ensures long life and high quality standards.
