

PROFESSIONAL SILICONE SPOON cm.36 RED HANDLE

Perfect for chefs and pastry chefs, our durable, versatile, shatterproof, Italian-designed silicone spoon offers precision detail and thermal stability.

SOLUZIONI FOODSERVICE

Our professionally made silicone spoon is the kitchen accessory that adds a touch of accuracy and creativity to your dishes. Made with the highest quality LSR liquid silicone, it is soft but at the same time resistant and elastic, ideal for detailing in the kitchen. It does not compromise the quality of food and resists extreme temperatures, from +230° to -60°, going from the oven to the freezer without problems. Easy to clean, washes directly in the dishwasher. The varied and refined aesthetic combines perfectly with its practicality of use, making it indispensable for ice cream makers, pastry chefs, chocolatiers and restaurateurs. 100% made in Italy.
